PHASE 1 – KONSULTATION

- Meeting to discuss vision and define scope of the project
- Explore styles, riding habits, and budget.
- Create a Project Worksheet and recommend the best course of action to take on project
- Follow-up conversation to fine-tune the final details and scope of the project

DELIVERABLE

- Recommendation on direction
- Decision on project direction, budget and timing

\$350.00 - 50% credited to Phase 2 upon approval to proceed

PHASE 2 – DESIGN

- Creation of Build Plans
- Presentation of concepts upon completion

DELIVERABLE

- Multiple design concepts
- Provide all the inspiration, reference and parts to complete your project
- Working budgets based on presented concepts
- List of qualified suppliers and vendors

There are 3 levels of the Design Phase based on the scope of your project:

LEVEL 1 DESIGN – ACCESSORIZE

(Estimated build budget of \$2,000.00 – 6,000.00)

- Design options that customize the look without changing the bike's main paint or structure
- Includes consideration of items such as; rims, lighting, suspension, handlebars & controls, pinstriping, chrome accessories, seating...
- We can provide recommendations a "Phased" build so items can be added a little at a time based on budget while maintaining the design concept's integrity

\$600.00

LEVEL 2 DESIGN – COLORIZE

(Estimated build budget of \$4,000.00 – 15,000.00)

- Includes all Level 1 considerations with the key addition of **new paint design options**

\$800.00

LEVEL 3 – KUSTOMIZE

(Estimated build budget will vary based on the scope of the work - \$10,000.00+)

The sky is the limit... well, at least in terms of design options. Budget is always a consideration, and we'll keep that in mind! Every project in this phase is unique.

- Includes all items above, but introduces consideration of one-of-a-kind options like: custom metal work, new bodywork, wide tire modifications, new rakes and stretches, and more...

\$1,500.00+ - Based on scope of work

PHASE 3 – KONSTRUCTION

Your Build Plan will provide you with everything you need to bring your design to life – except perhaps the time to manage the process! Zanik Design can act as your prime contractor with responsibility for coordinating the efforts of the selected resources. We manage the day-to-day work being done on your bike and make sure your project stays on time and on budget.
